

February 28, 1974

PRESIDENT: Yes, read the Resolution.

CLERK: Read LR117.

PRESIDENT: Senator Schmit, do you want to take this up, suspend the rules and get it over with? You've got enough signatures to adopt it.

SENATOR SCHMIT: Mr. President and members of the Legislature, if the signatures are sufficient then I would direct or ask the Clerk to do whatever is proper at this time. And move....take action on the Resolution.

PRESIDENT: Mr. Clerk, are those signatures for this sufficient without any further action?

CLERK: There are sufficient signatures, yes.

PRESIDENT: Then, in other words, the Resolution will stand as if it were adopted and sent to the proper parties.

CLERK: Yes.

SENATOR SCHMIT: Thank you, Mr. President.

PRESIDENT: Let's go to the next order of business.

CLERK: Mr. President, I move that LB615 be placed on General File notwithstanding the action of the committee. Signed, Senator Carpenter.

PRESIDENT: Now, that's the request isn't it, Mr. Clerk? He's not asking to take it up now?

CLERK: It's my understanding he wishes to lay it over, Mr. President.

PRESIDENT: All right, it's laid over.

CLERK: Mr. President, I move notwithstanding the action of the committee, I move that LB706 be placed on General File. Signed, Senator Stahmer, and the same request.

PRESIDENT: All right, any further business on your desk?

CLERK: Mr. President, Senator Chambers has pending a motion to place LB901 on General File notwithstanding the Education Committee.

PRESIDENT: Senator Chambers. Senator Chambers, would you defer just a second? Senator Frank Lewis was asking for the floor. I didn't mean to overlook him.

SENATOR FRANK LEWIS: Mr. Chairman, I just thought this might be the adequate time to do it. I'm just going to ask unanimous consent that LB870 be scheduled for Wednesday, March 6.

PRESIDENT: Senator Frank Lewis asked for unanimous consent that LB870 be scheduled for Wednesday, March 6, is that correct, Senator? What are you doing, are you putting this at the top of General File or what? All right, any objection to that. If not, so ordered. Senator Chambers.

SENATOR CHAMBERS: Mr. President, this bill it looks awfully thin it here, it's hard to keep a bill alive when it's healthy but this one has been killed so I will need as much help as possible in resurrecting it. It's LB901. In its original
